

Designer, Frontend Developer & Mentor

I design and code beautifully simple things, and I love what I do.

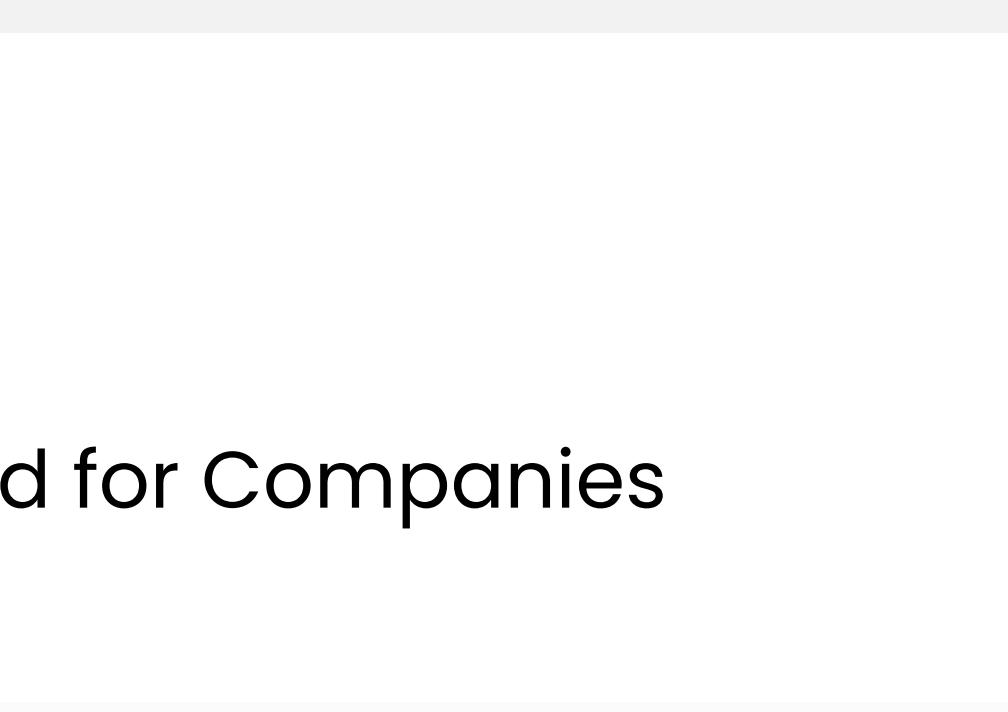

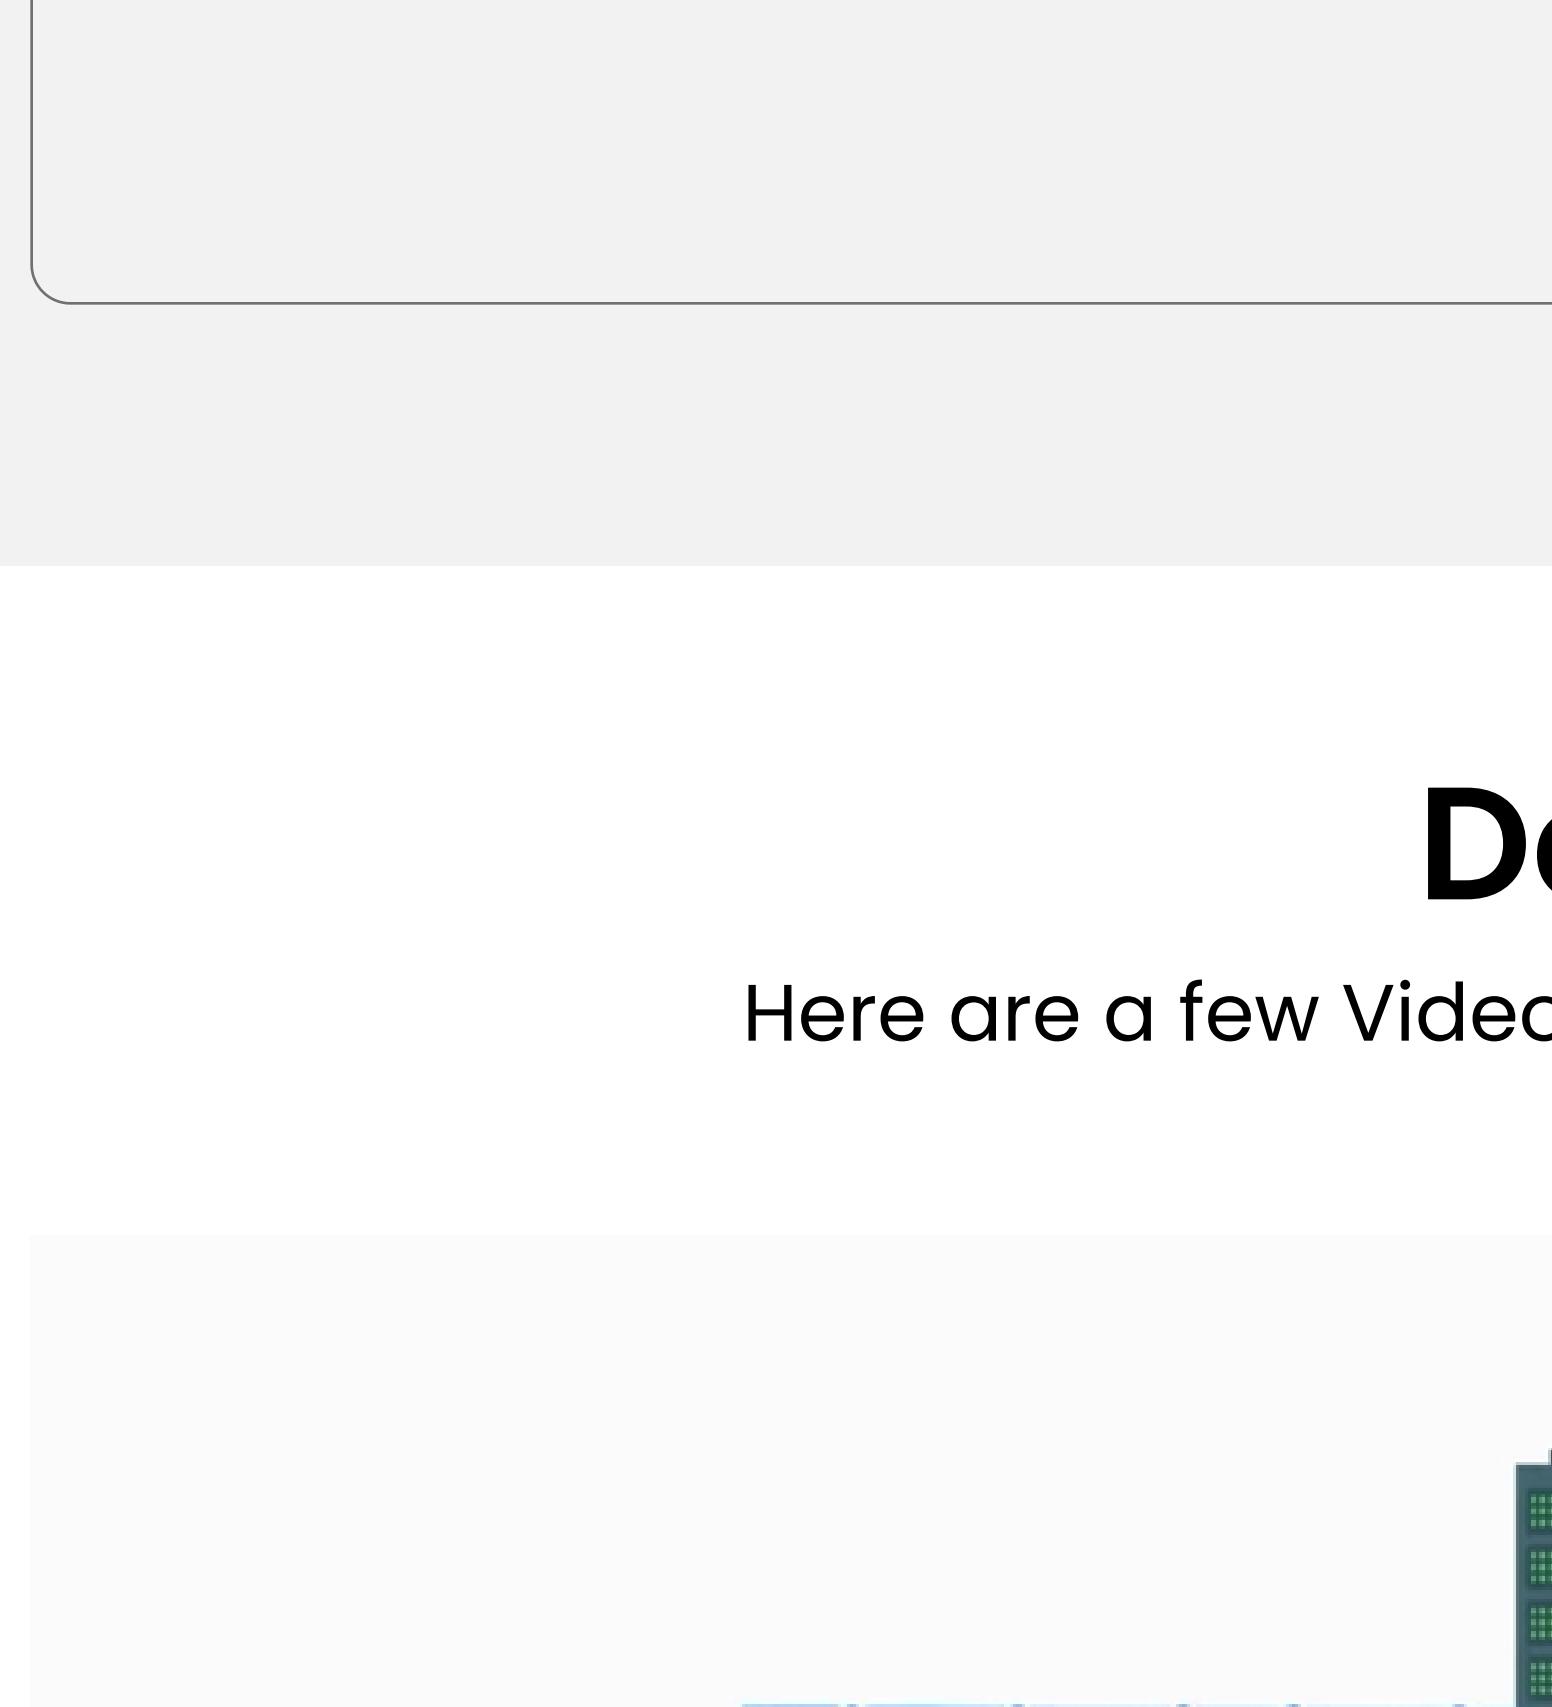

Hi, I'm Haem. Nice to meet you.

Having embarked on my freelance design career more than a decade ago, I have engaged in remote projects with various agencies, provided consulting services to startups, and teamed up with skilled individuals to craft digital products tailored for both business and consumer purposes. I possess a quiet confidence, an innate sense of curiosity, and an ongoing commitment to enhancing my design skills, tackling design challenges one step at a time.

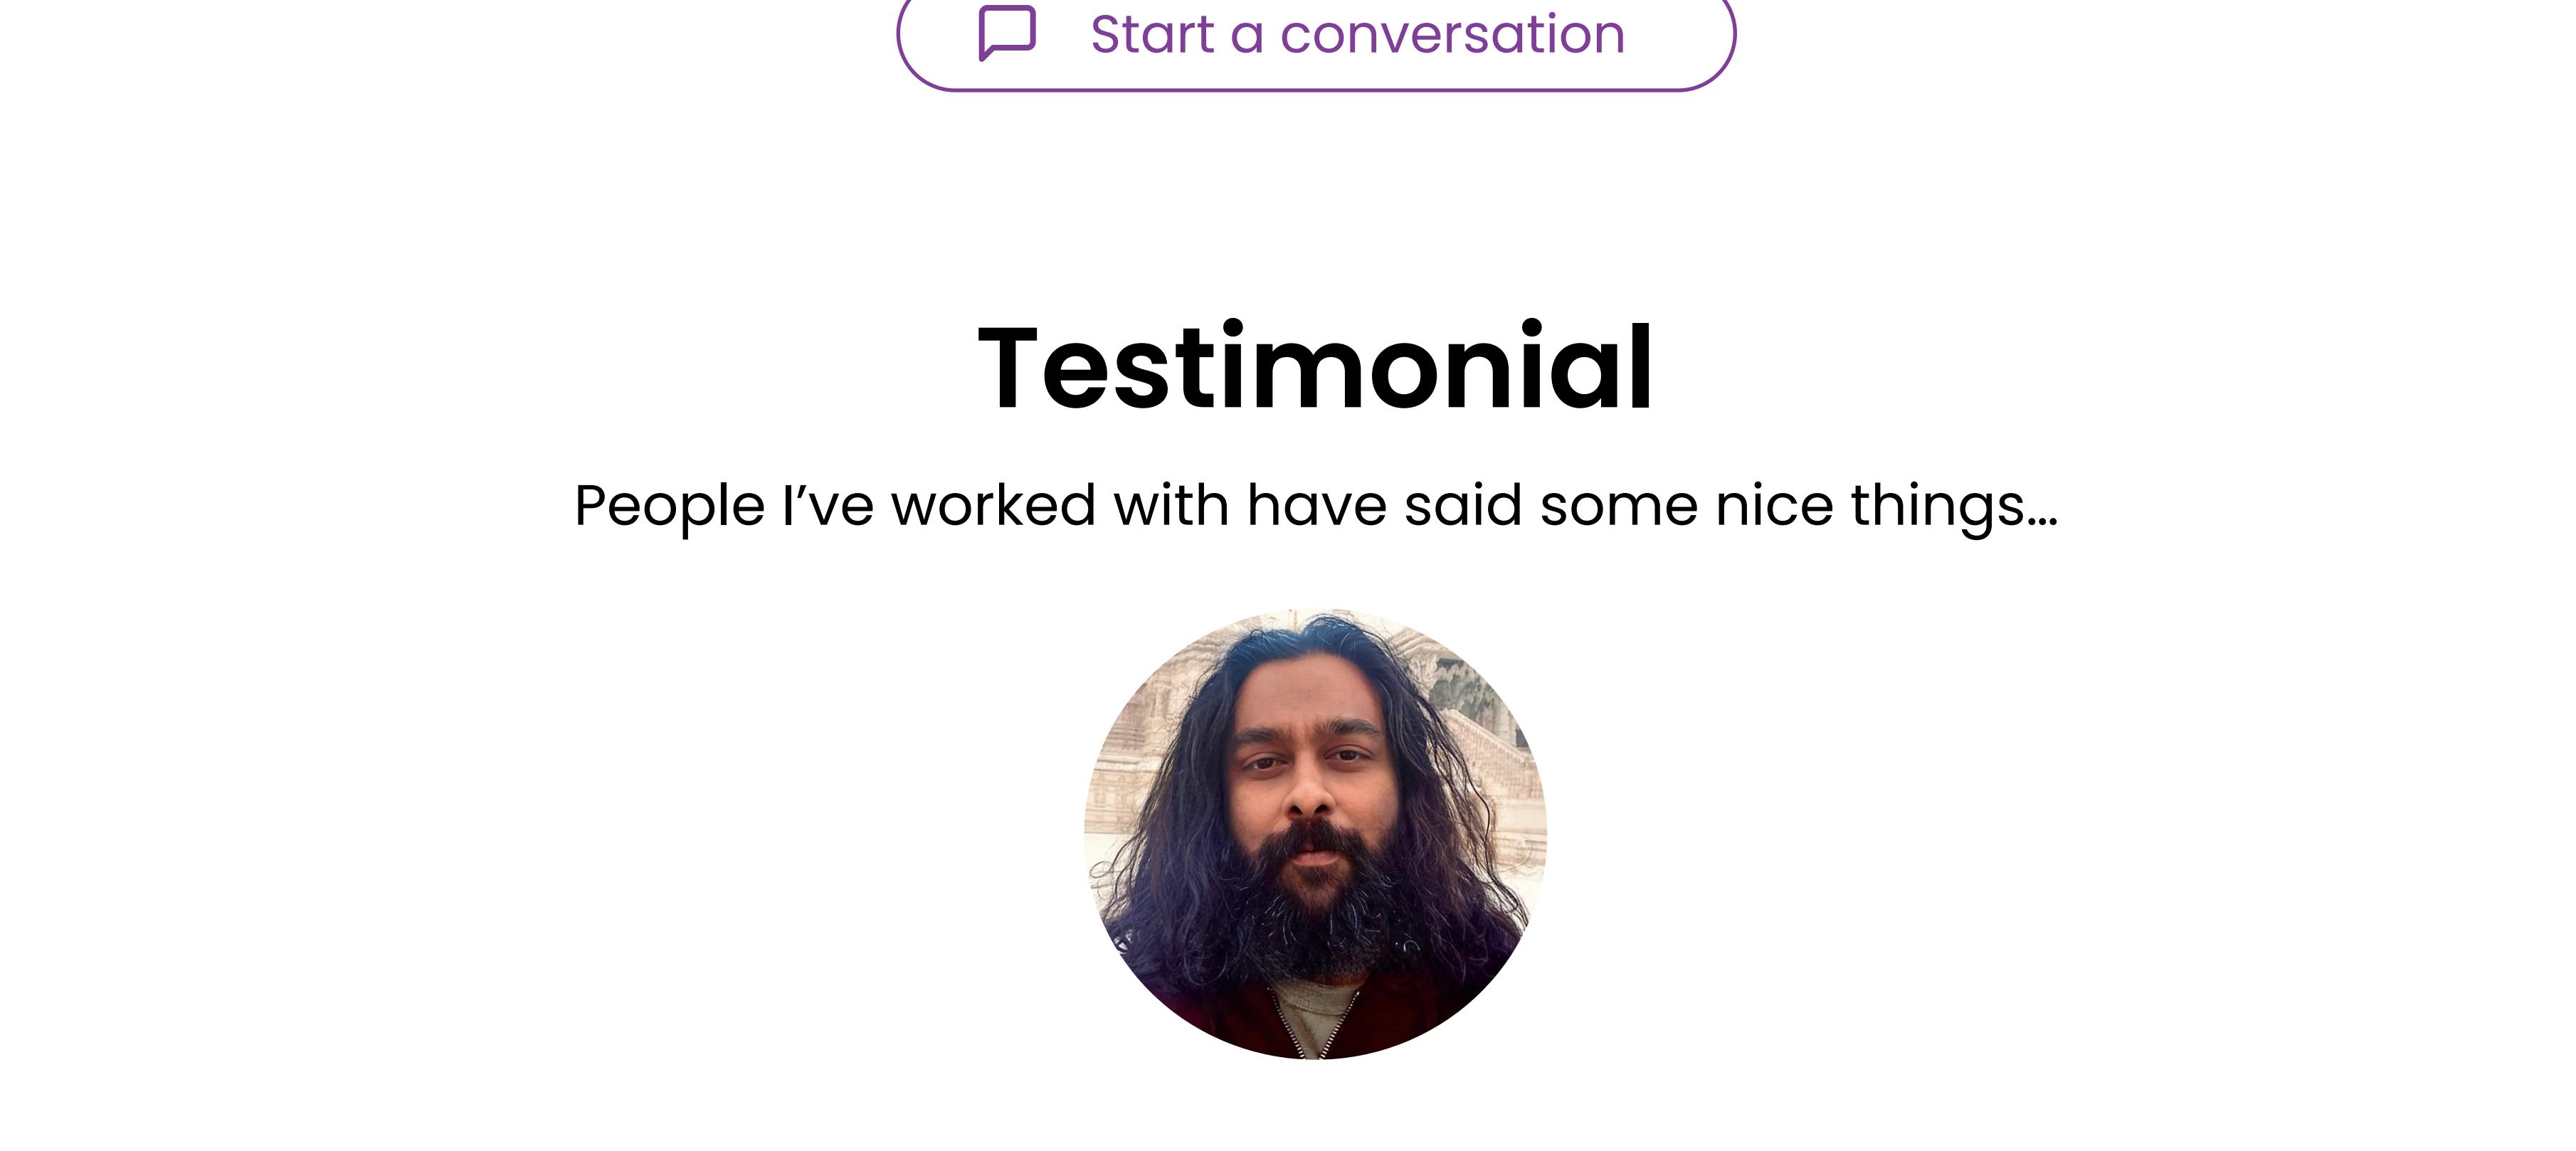

My Recent Work

Here are a few past design projects I've worked on. Want to see more? Email me.

Spencex Earbud

Role : Motion Design & Graphic Design

Created 3d Earbud for the team project. GitHub link - <https://github.com/spencer78610/abbott-spencer-h-rajeswarisekar-earbud.git>

Bayengage (Targetbay)

Role : Product designer UI

During my tenure at TargetBay, I was part of a dynamic team responsible for the development and enhancement of BayEngage, a comprehensive review and ratings package tailored for Shopify users. My primary role centered around the creation of user-friendly review widgets and website designs within the BayEngage ecosystem.

Collaboration was a cornerstone of our work, and as a team, we seamlessly executed all tasks, ensuring that the project progressed smoothly from planning to implementation. To facilitate this collaborative process, we leveraged Axure RP for our user interface design. This choice allowed for efficient sharing of design assets with our development team, contributing to the project's overall success.

So first I worked in the web UI interface for multiple templates for the Shopify users

Software used for Logo – Axure RP

Dr.Nut Beer

Role : Graphic and Motion design f

In this project I have created the beer 3d model and the marketing imagery

Kavorca Makeup Project

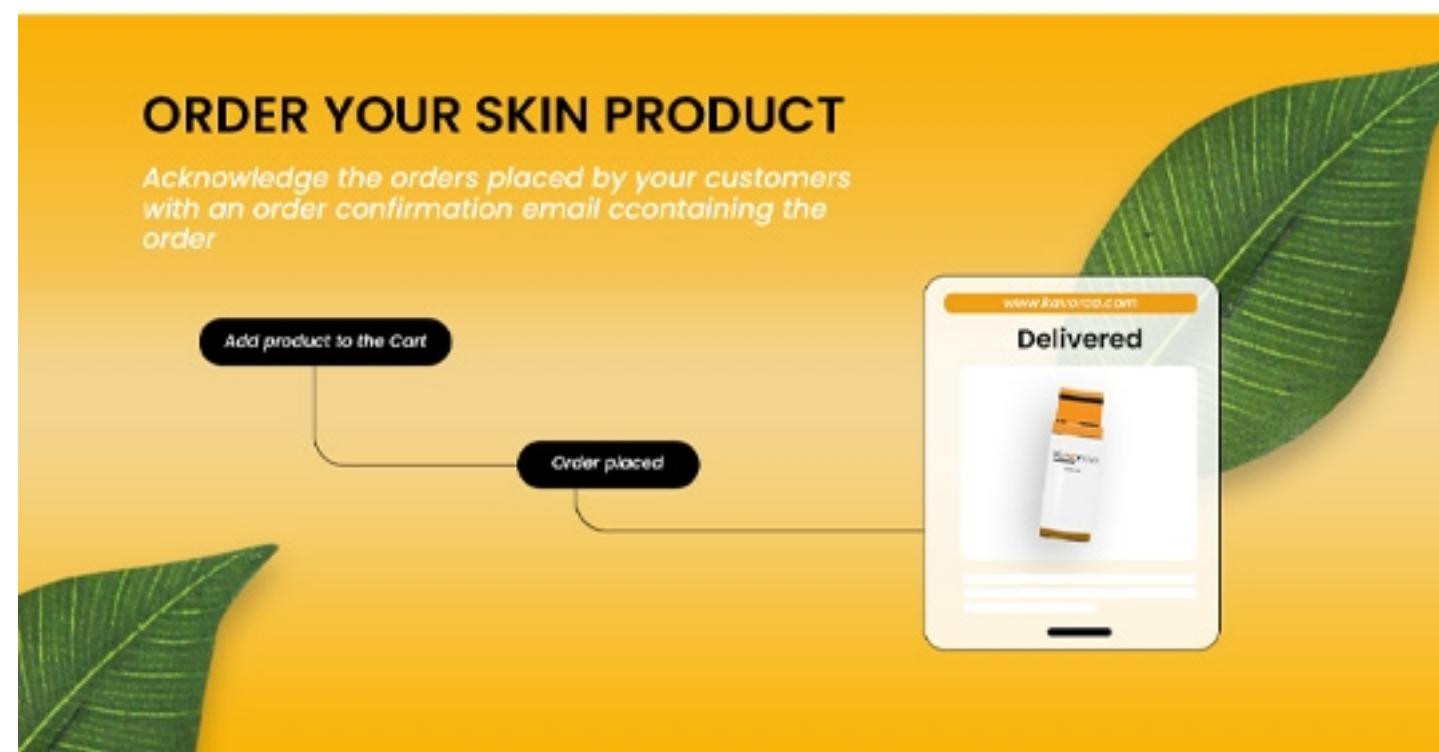

Team Project

Role : Graphic Design

Kavorca is a captivating makeup project brought to life through the creative collaboration of myself and my talented friend, Abbott Spencer. In this project, my multifaceted role as a Graphic Designer and Motion Graphics Artist played a pivotal role in bringing the brand to life and enhancing its visual identity.

As a Graphic Designer, I meticulously crafted a range of visual assets to help Kavorca shine in the competitive cosmetics industry. This included designing eye-catching posters that conveyed the essence of the brand, creating engaging ad roll banners that captured the attention of the target audience, and crafting a distinctive logo illustration that served as the brand's visual anchor.

In my capacity as a Motion Graphics Designer, I leveraged my creative skills to develop a captivating 20-second animation video. This video was specifically tailored for the promotion of Kavorca's cosmetic products. It seamlessly blended motion, visual storytelling, and branding to deliver a compelling and memorable message to the brand's audience.

Graphic Design

Showcasing some of my graphic design work did for companies and creative designs.
