

H@EM

Designer, Frontend Developer & Mentor

I design and code beautifully simple things, and I love what I do.

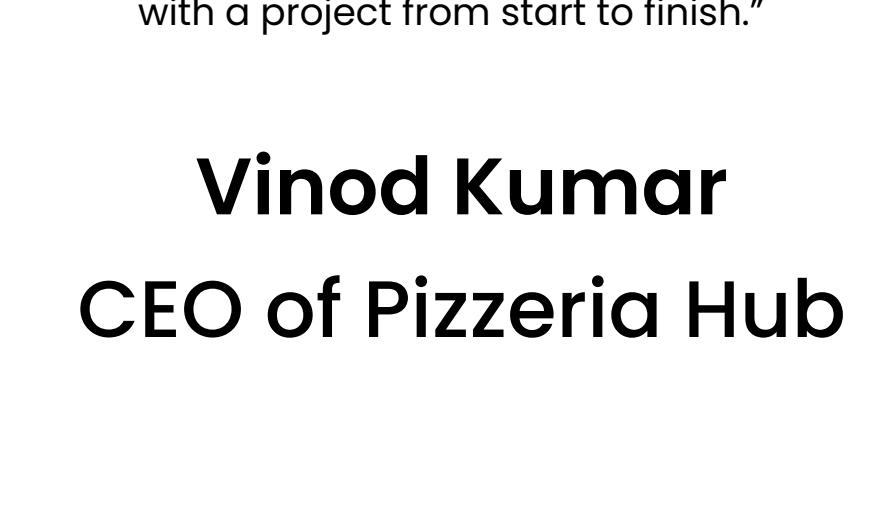

Hi, I'm Haem. Nice to meet you.

Having embarked on my freelance design career more than a decade ago, I have engaged in remote projects with various agencies, provided consulting services to startups, and teamed up with skilled individuals to craft digital products tailored for both business and consumer purposes. I possess a quiet confidence, an innate sense of curiosity, and an ongoing commitment to enhancing my design skills, tackling design challenges one step at a time.

My Recent Work

Here are a few past design projects I've worked on. Want to see more? Email me.

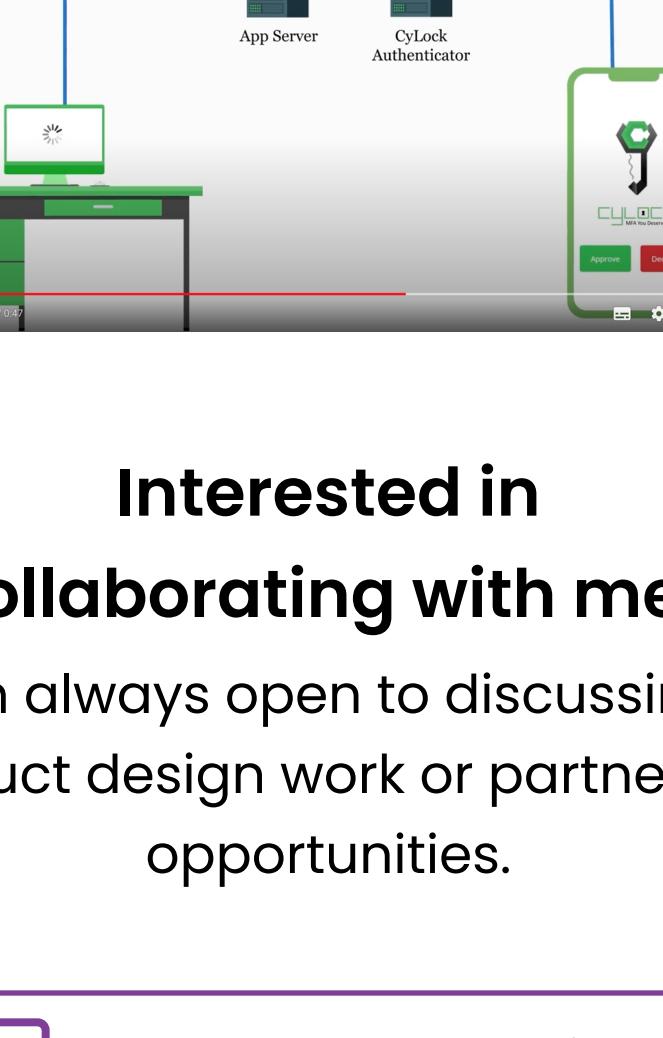

Interested in collaborating with me?

I'm always open to discussing product design work or partnership opportunities.

Testimonial

People I've worked with have said some nice things..

"Haem was a real pleasure to work with and we look forward to working with him again. He's definitely the kind of designer you can trust with a project from start to finish."

Vinod Kumar

CEO of Pizzeria Hub

3D Animation Demoreel

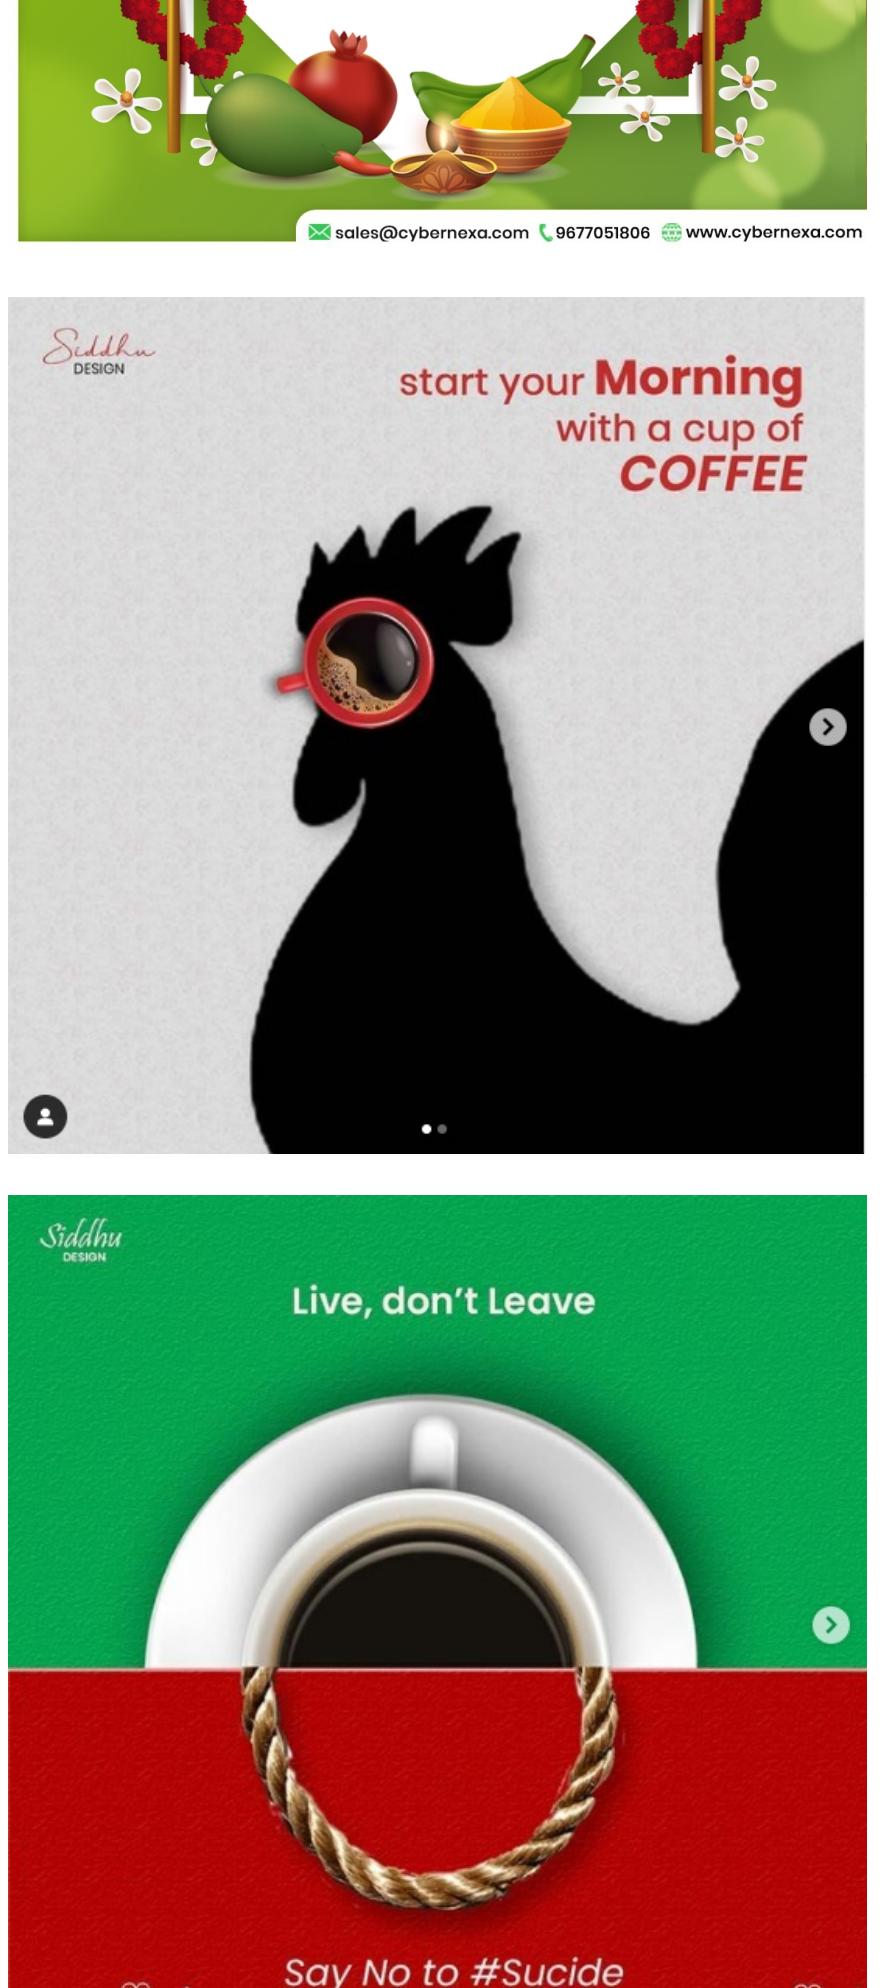

Greetings from CYBER
A cyber Security Solu

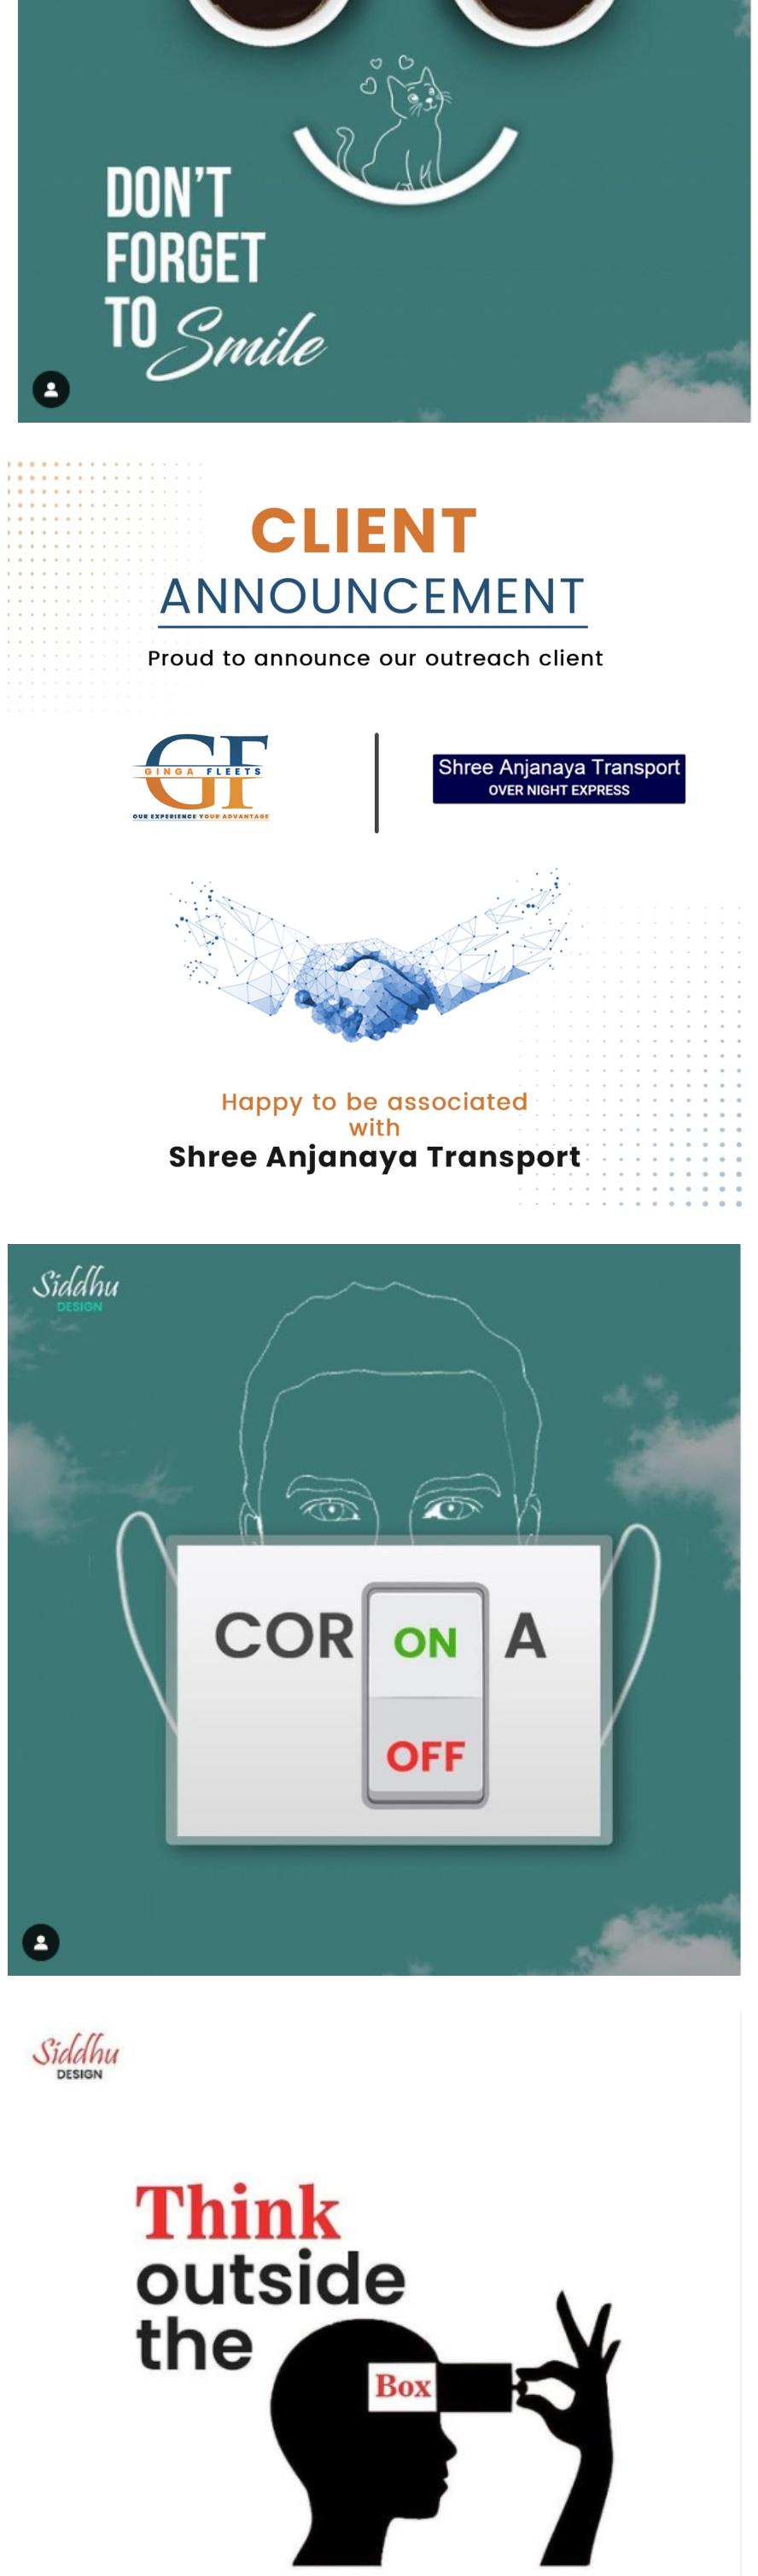

We personally invite you to explore our products – hope this will increase the

The image consists of two parts. The top part is a white banner with the CYLOCK logo, which features a green key icon and the text "CYLOCK MFA You Deserve". The bottom part is a green rectangular area containing the CYBERNEXA logo, which features a red swastika symbol on a golden ball and the text "CYBERNEXA" in a white, sans-serif font.

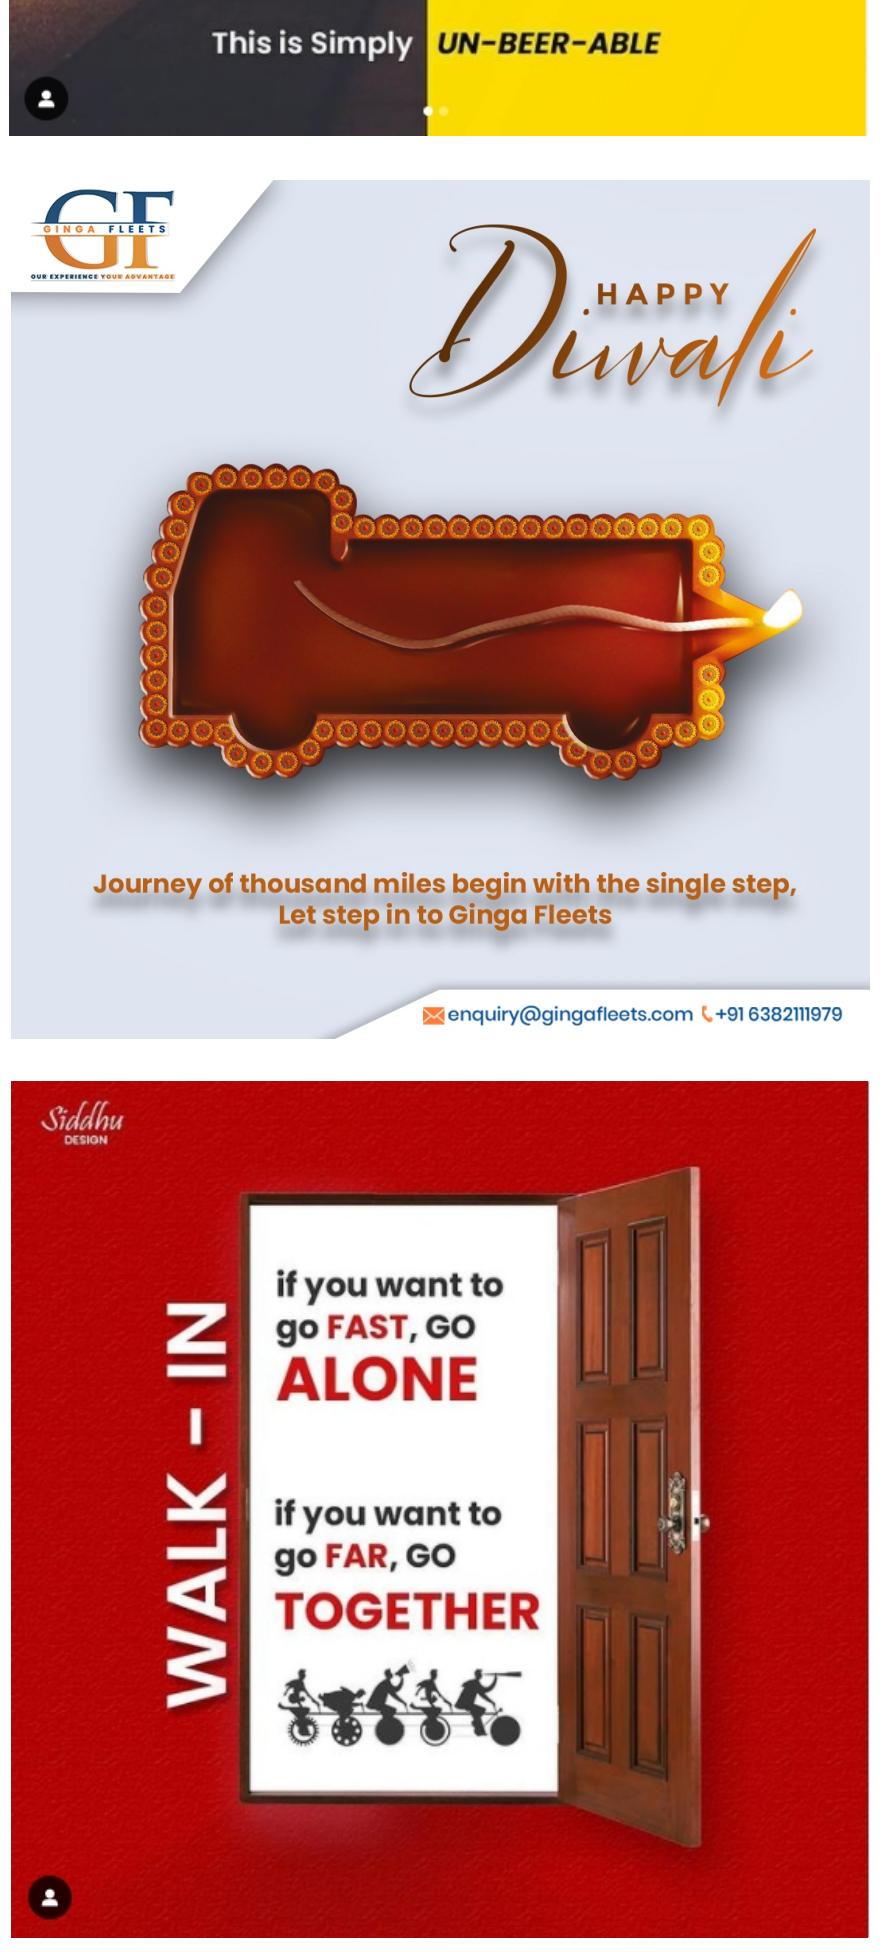

A hand holds a black tote bag with a white silhouette of a person jumping rope. The words "SHOP NOW" are printed in red on the silhouette's chest. To the right is a large white Nike swoosh logo.

Nothing will **work out**
unless you do

A composite image featuring a BMW steering wheel on the right, a yellow vertical bar, and a dark background with a blurred 'hu N' logo on the left.

A close-up photograph showing the front wheel of a bicycle resting on a dark wooden floor. The wheel has a black tire and a silver hub. The background is a solid yellow color.

A green Heineken bottle with the word "Superstar" printed vertically on its label. Next to it is a thermometer with a red liquid column. The top of the thermometer is tilted, showing a scale from 0 to 100. The number 20 is clearly visible, with the word "Alcohol" written diagonally across the scale. Below the thermometer, the word "COOLING" is printed in large, bold, green letters.

Bayengage (Targetbay)

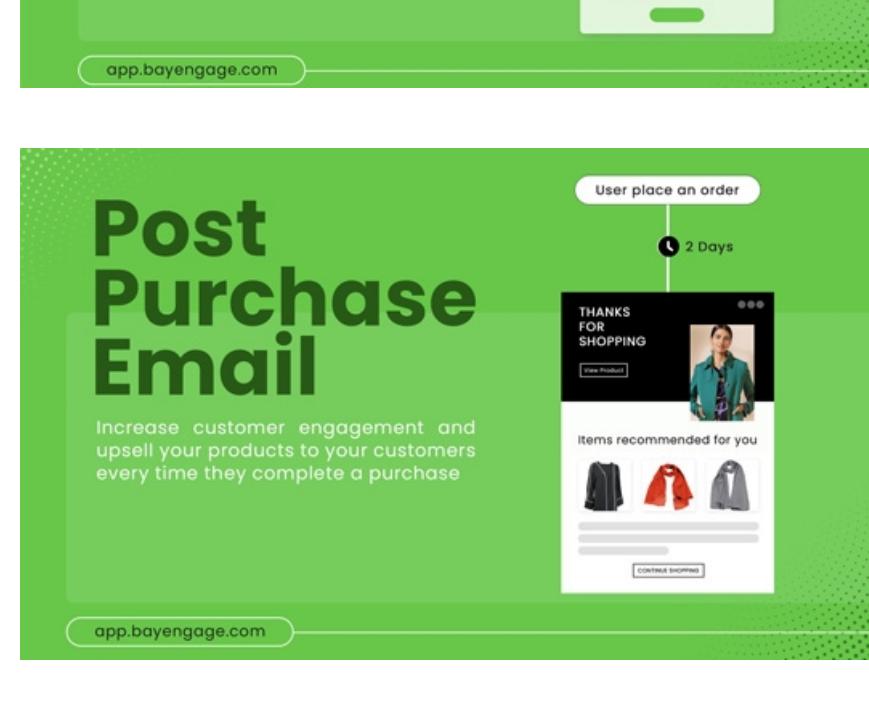

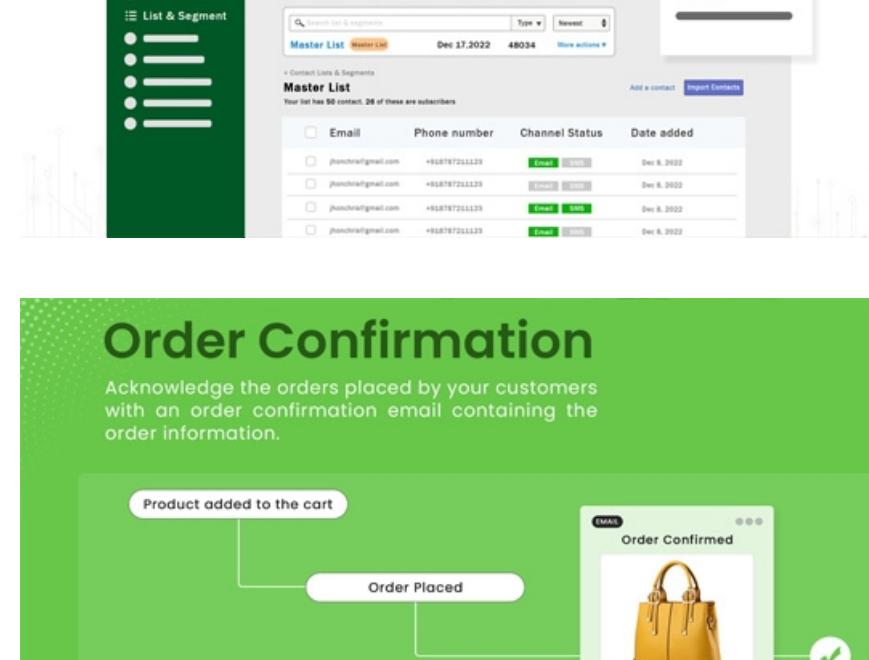

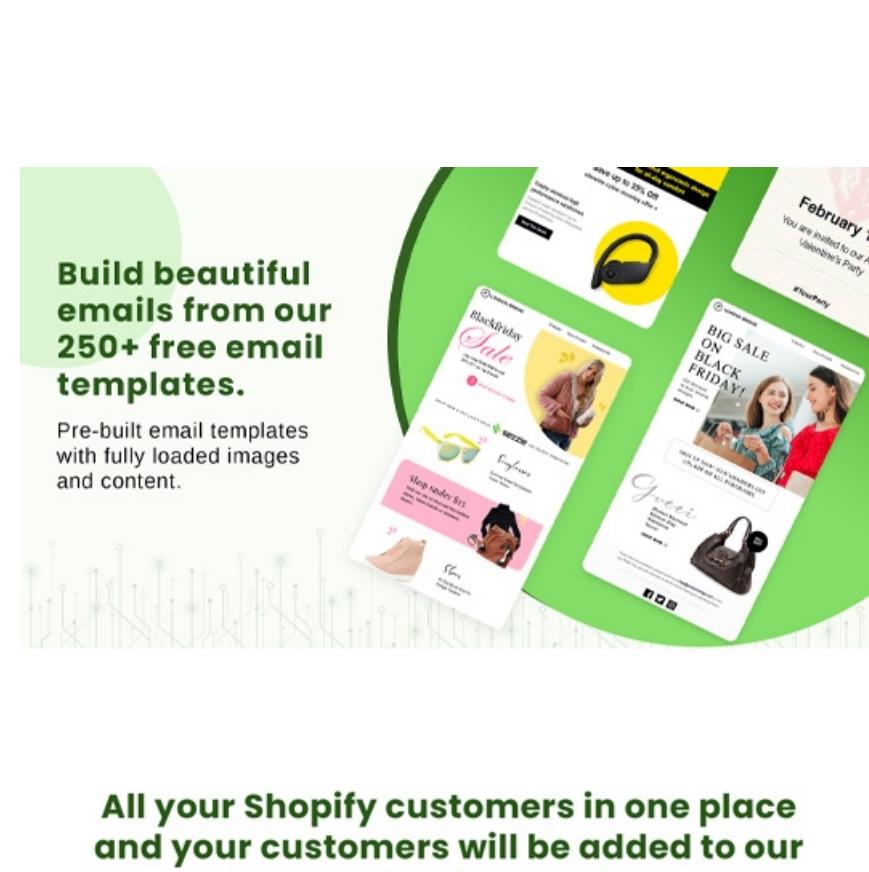

Role : Product designer UI

Created 3d Earbud for the team project.
GitHub link - <https://github.com/spencer78610/>
During my tenure at TargetBay, I was part of a dynamic team responsible for the development and enhancement of BayEngage, a comprehensive review and ratings package tailored for Shopify users. My primary role centered around the creation of user-friendly review widgets and website designs within the BayEngage ecosystem.

Collaboration was a cornerstone of our work, and as a team, we seamlessly executed all tasks, ensuring that the project progressed smoothly from planning to implementation. To facilitate this collaborative process, we leveraged Axure RP for our user interface design. This choice allowed for efficient sharing of design assets with our development team, contributing to the project's overall success.

So first I worked in the web UI interface for multiple templates for the Shopify users

Kavorca Makeup Project

Role : Graphic Design

Kavorca is a captivating makeup project brought to life through the creative collaboration of myself and my talented friend, Abbott Spencer. In this project, my multifaceted role as a Graphic Designer and Motion Graphics Artist played a pivotal role in bringing the brand to life and enhancing its visual identity.
